Year 6 Term 3 Transition (Maths/English) Course (21 July ~ 29 September, 2018)

Year 6 students will start a new phase of their academic achievement at high school next year. They will be challenged by the depth and breadth of a whole range of subjects, in a way that they haven't experienced yet. If they are not prepared, a poor transition could develop into a long-term negative influence on their secondary studies. This is why Pre-Uni New College is providing a special transition course to Year 6 students for their successful high school transition next year.

Term 3 will be the last term for Year 6 students to complete their high school transition course. After successful completion of the course, students will be able to commence our Term 4 Year 7 courses with far more confidence.

Term 3 Transition Course will mainly focus on building a foundation in stage 4 literacy and numeracy skills to make them settle into their new academic environment as quickly as possible. By attending our Transition Course, students will be able to enjoy their studies in high school from the very start with self-confidence and get ahead of their peers.

“I believe a strong emphasis on developing a good foundation for speaking, reading and mathematical skills will pave the way for success in high school.”

- Aidan Nguyen (2011 HSC Top Achiever, ATAR 99.90)

“In my experience, establishing a solid foundation of skills in primary school is the perfect head start to achieve success in high school because these skills are crucial to excelling in a large variety of other subjects.”

- Lucinda Tran (2009 HSC Top Achiever. ATAR 99.60)

2018 Term 3 Year 6 Transition Course Timetable

Course Name	Session	Class Time	Class Location
Year 6 Transition Course	Saturday AM	8:45am – 12:55pm	Strathfield Head Office

Year 6 Term 3 Transition Course Outlines

1. Transition English (Reading, Writing, Viewing and Speaking)

The objectives of this course are to equip students with the necessary tools to become competent in reading and analysing various types of texts so that they can translate analytical skills into writing coherent essays and extended responses in a variety of text types. These skills are essential in English, as well as subjects such as Science, Geography, History, Commerce, PDHPE, Drama and Visual Arts.

Key topics to be addressed in term 3:

- Objective / Persuasive Reviews / Poetry: Introduction
- Analysing and Reviewing Short Stories
- Analysing and Composing Reports
- Public Speaking and Exploring Myths and Legends
- Persuasive Language and Expanding Formal
- Speaking Skills Advanced Poetry
- Understanding the Elements of Drama
- Feature Articles and Presenting Effectively
- Dialogue
- Advertisements and Presenting Effectively
- Narrative - Extension
- The Power of Persuasion

2. Transition Mathematics

Year 6 Transition Maths Course is designed to provide students with a variety of problem solving skills by reviewing Year 6 and previewing Year 7 contents. This course entails a wide range of activities to enhance the students' understanding of the basic concepts of mathematics.

Key topics to be addressed in term 3:

- Number Patterns and Algebra
- Geometry (angles)
- Circle cylinders, cones and sphere
- Similarity of Shapes and Solids
- Pythagoras Triangles relationship
- Data and statistics
- Probability
- Inequality
- Algebraic Techniques
- Extension problems

By the end of this course, students will:

- *Become familiar with high school English, Maths and basic study skills*
- *Maintain academic progress during the transition from Year 6 to Year 7*
- *Gain confidence and build foundations for future high school achievement.*
