# OC TRIAL TEST COURSE INFORMATION

---

The OC Trial Test Course has been the source of students' successes in the Opportunity Class Placement Test. This course is unique in that it allows students to practice exam style questions under exam conditions. While the answer sheets are being marked, teachers will review the entire test paper with particular focus on difficult questions. Each question is explained thoroughly, step by step. Students receive their individual results at the end of the session as a record of their performance. The OC Trial Test Course will help your child to manage his/her time efficiently, minimise carelessness, overcome examination nerves and perform at his/her optimum level under examination conditions.

## What benefits will your child have?

---

- ❑ The OC Trial Test Course increases students' accuracy.
- ❑ The OC Trial Test Course increases students' speed. (Actual tests require students to answer 35 questions in 30 minutes).
- ❑ Through practising exam questions every week, students' results and ability steadily improve.
- ❑ Weekly result sheets indicate each student's strengths and weaknesses, giving immediate feedback to parents about which areas their child should concentrate on.
- ❑ Students' performance and progress is assessed accurately on a weekly basis.

## How will the OC Trial Test Course (OCTTC) be organised?

---

The OC Trial Test Course consists of **30 tests** commencing from **Saturday, 2 February 2008** with one test each week, until the OC Placement Test (30 July 2008). Students will attend classes once a week. The required minimum test marks from the OCTTC will be constructed monthly as indicated: (see table 1 for marks).

**Table 1**

Month	Minimum Mark
March	55%
April	60%
May	65%
June	70%
Mid July	75%

- ❑ *When a student's results at the completion of the May assessment are identified as being below standard, parents will be required to have a consultation with the student advisor to discuss your child's performance.*

## OC Trial Test Course fee and payment due date
