2008 Independent Schools Scholarships Tests

The following independent schools in NSW offer Academic Scholarships and Bursaries providing part or full remission of fees to eligible students entering or continuing secondary school in 2008. The main points of entry are Years 7 and 11, but some schools offer entry to Year 9 and to other years.

Many of the schools are participating in the ACER Co-operative Scholarship Testing program (CSTP). They are holding examinations on **Saturday 10 May 2008**. Student attendance is required on that date at only ONE nominated location. Parents must apply, however, to each school of their choice, and follow the application procedure in each case.
